

WWDS-S104/S185-6

Pumping station compliance acknowledgement

Date Wessex Water reference

Site name

Specifically electrical and pump selection

Please note that Wessex Water do not undertake a detailed design review of non-civil elements of a pumping station application.

It is the developers' responsibility to appoint the appropriate roles in accordance with the Construction (Design and Management) Regulations 2015.

Those appointed must sign to confirm that the SPS details submitted for review comply with Part D (Pump Stations) and Part F (Mechanical and Electrical Specifications) of the DCG, along with the Wessex Water SPS Addendum, which is available on-line. Any variations or non-compliance with the above needs to be highlighted at the time of submission.

Failure to do so will suspend the adoption process until any faults or modifications have been rectified.

M&E designer

Signed

Print name

Please can you advise or confirm, who has been appointed the following CDM roles (Organisation or individual)

Principal designer

Commercial client
